Flygt BS 2750 CORROSION RESISTANT DRAINAGE PUMP

Optimised for extreme environments and unpredictable pH variance

The corrosion resistant Flygt 2700 pump range from Xylem provides flexible and cost effective dewatering solutions for corrosive and abrasive environments. The range consists of both drainage and solids handling pumps, which are all made of stainless steel and can handle a pH range of 2-10. The Flygt 2700 pumps are optimised for tough applications in mines, industries and public utilities where the pumped liquid is corrosive and abrasive.

The uniform design - which incorporates a minimum of components makes each pump both robust, easy to handle and service and keeps down the cost of spare parts handling. Thanks to its slim profile, it fits easily into confined spaces. A convenient ring-shaped handle gives good manoeuvrability during installation, and serves as a sturdy stand when you invert the pump for service.

The pumps are built to keep on working year in year out. We guarantee availability of spares parts for 10 years after we stop production of a pump model. With a network of suppliers and service centers throughout more than 150 countries, Xylem can offer you the support and service you require.

Flygt BS 2750

Flygt BS 2750	
Corrosion resistant drainage pur pH variance.	mp for tough applications and unpredictable
Denomination	
Product code	2750.390
Installation	S
Discharge connection	4" (MT), 3" (HT)
Impeller characeristics	MT, HT
Process data	
Liquid temperature	max +40 °C
Depth of immersion	max 20 m
Liquid density	max 1100 kg/m³
Strainer hole size	25 mm × 7 mm
The pH of the pumped liquid	рН 2-10
Motor data	
Frequency	50 Hz
Insulation class	F (+155 °C)
Voltage variation	. (
- continuously running	max ± 5%
- intermittent running	max ± 10%
Voltage imbalance between phases	max 2%
No. of starts/hour	max 15
•••••••••••••••••••••••••••••••••••••••	
Monitoring equipment	
Thermal contacts opening	
temperature	+130 °C
Cables	
SUBCAB®	4G2.5+2×1.5
	4G4+2×1.5
	7G2,5+2x1,5
Materials	
Impeller	Stainless steel
Wear parts	Nitrile rubber
Stator housing	Stainless steel
Strainer	Stainless steel
Shaft	Stainless steel
O-rings	Fluorinated rubber
Mechanical face seals	
Inner	Carbon/Silicon carbide
Outer	Silicon carbide/Silicon carbide
Surface treatment	
No surface treatment	
Weight and dimensions	
Weight (excl. cable)	90 kg
Height	780 mm
Width	280 mm
	200
Option	
Starters	
Accessories	
	l other mechanical accessories. Electrical oller, control panels, monitoring relays, cables. gt.com for further information.
