

FITTINGS FREEDOM TO CHOOSE

Subor GRP Pipes are also used to fabricate fittings such as elbow, tee, reduction, flange, marine lugs etc. as well as special spools that can be designed on request.

For fitting production, firstly pipes are cut at the desired angles and forms. Then, the cut pipes are attached by connecting glass fiber and polyester resin.

Subor offers wide solution opportunities with over 200.000 different types of fitting design.
